Profile

I am a keen, enthusiastic worker with a positive outlook on future opportunities in the information technology sector, and am eager to develop and learn new skills. As dedicated professional, my years of experience working in numerous environments have enabled me to develop an accurate, organised approach to work, where I meet tasks and challenges in a precise and effective manner. I have strong initiative to adapt to new work environments and always demonstrate a willingness to learn.

Education

2022 - 2025	**B.Sc. Computer Science (Software Development Major)** University of Newcastle, Newcastle Australia
2023 - 2024	**B.Sc. Computer Science (Bilaterial Exchange)**, Johannes Kepler Universität, Linz Austria - Awarded Scholarship by Government of Upper Austria
